HB HB 433

Testimony Opposing HB 433  
February 20, 2015

Madam Chairperson, Members of the Committee:

For the record I am Dr. Claudette Morton of Helena, representing the Montana League of Women Voters. The League supports full funding of state mandated programs in our public schools, therefore we oppose HB433 on the grounds that this tax credit will take money away from public education. ~~We ask that the committee ask for a fiscal note on HB 433.~~

Thank you.
